

## Special Issue

# Advances in Applications of Volunteered Geographic Information

### Message from the Guest Editors

We would like to invite you to submit articles about your recent research on any of the following topics, where review articles covering one or more of these areas are also very welcome:

- VGI for training classification algorithms
- VGI for validation, including considerations of sample design
- VGI for verification of products from remote sensing
- VGI related to any thematic area of remote sensing, e.g. land cover, land use, deforestation, urbanization, agriculture, biomass, disaster mapping, etc.
- VGI and data integration from multiple sources including OSM
- Issues related to development of VGI campaigns related to remote sensing or Earth observation, e.g. motivation, engagement, sustainability, etc.
- Novel applications of VGI and remote sensing either web- or mobile-based
- VGI for change detection and monitoring
- Applications of VGI use in national mapping agencies
- VGI for remote sensing applications related to the SDGs.

## About the Journal

### Message from the Editor-in-Chief

*Remote Sensing* is now a prominent international journal of repute in the world of remote sensing and spatial sciences, as a pioneer and pathfinder in open access format. It has highly accomplished global remote sensing scientists on the editorial board and a dedicated team of associate editors. The journal emphasizes quality and novelty and has a rigorous peer-review process. It is now one of the top remote sensing journals with a significant Impact Factor, and a goal to become the best journal in remote sensing in the coming years. I strongly recommend *Remote Sensing* for your best research publications for a fast dissemination of your research.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubAg, GeoRef, Astrophysics Data System, Inspec, dblp, and other databases.

#### Journal Rank:

JCR - Q1 (Geosciences, Multidisciplinary) / CiteScore - Q1 (General Earth and Planetary Sciences)
