and Cell Pathology, Third Faculty
of Medicine, Charles University,
Prague, Czech Republic

Deadline for manuscript
submissions:

closed (31 December 2023)

Message from the Guest Editor

This Special Issue aims to provide an overview of the latest research on the molecular and cellular mechanisms associated with pregnancy-related complications, as well as the contribution of pregnancy-related complications to the later development of various diseases. This will include the underlying mechanisms, diagnostics/prognostics and treatment strategies associated with pregnancy-related complications and will be of interest to scientists and clinicians working in this quickly expanding area.

an Open Access Journal by MDPI

and Embryology, Gottfried
Schatz Research Center, Medical
University of Graz, Graz, Austria

Message from the Editor-in-Chief

Welcome! Those of you who are interested in reproductive medicine and biology are warmly invited to submit your original research articles, short communications and comprehensive reviews for consideration and publication in *Reproductive Medicine*. Our journal *Reproductive Medicine* is published in open access format, i.e. your articles and reviews are published online immediately after acceptance. The scientific community and the general public will have unlimited and free access to the content as soon as it is published. We would be more than pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **ESCI (Web of Science)**, **Scopus**, **FSTA**, and **other databases**.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.6 days after submission; acceptance to publication is undertaken in 5.6 days (median values for papers published in this journal in the first half of 2026).
