

## Special Issue

# Recent Advances in Prenatal Medicine

### Message from the Guest Editor

Preconceptional, preimplantation, and prenatal medicine is a rapidly expanding field with new diagnostic possibilities due to developments in the areas of genetic and molecular diagnosis. These new prospects also pose novel challenges regarding the interpretation of results and ethical considerations. This Special Issue on *Recent Advances in Prenatal Medicine* aims to publish papers expounding new insights in the area of fetal and maternal medicine.

### Guest Editor

Prof. Dr. Bettina Blaumeiser

Center of Medical Genetics UZA/UA, Antwerp University Hospital, 2000 Antwerp, Belgium

### Deadline for manuscript submissions

closed (30 June 2022)

## About the Journal

### Message from the Editor-in-Chief

---

#### Editor-in-Chief

Prof. Dr. Berthold Huppertz

Division of Cell Biology, Histology and Embryology, Gottfried Schatz  
Research Center, Medical University of Graz, Graz, Austria

---

#### Author Benefits

##### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

##### High Visibility:

indexed within ESCI (Web of Science), Scopus, FSTA, and other databases.

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 27.1 days after submission; acceptance to publication is undertaken in 13.6 days (median values for papers published in this journal in the first half of 2025).
