

Special Issue

Recent Advances in Prenatal Medicine

Message from the Guest Editor

Preconceptional, preimplantation, and prenatal medicine is a rapidly expanding field with new diagnostic possibilities due to developments in the areas of genetic and molecular diagnosis. These new prospects also pose novel challenges regarding the interpretation of results and ethical considerations. This Special Issue on *Recent Advances in Prenatal Medicine* aims to publish papers expounding new insights in the area of fetal and maternal medicine.

Guest Editor

Prof. Dr. Bettina Blaumeiser

Center of Medical Genetics UZA/UA, Antwerp University Hospital, 2000 Antwerp, Belgium
