

Special Issue

Feature Papers for Celebrating the 3rd Founding Year of *Reproductive Medicine*

Message from the Guest Editor

This Special Issue is designed to celebrate the 3rd anniversary of the founding of the open access journal *Reproductive Medicine*. The Special Issue covers all topics related to reproductive medicine, and research fields of interest include but are not limited to reproductive surgery, female and male infertility, PCOS, endocrine diseases influencing reproduction, ovulation induction, ovarian stimulation for IVF/ICSI cycles, etc. Distinguished researchers from all over the world will be invited to contribute to this Special Issue. Potential contributors/invited authors are kindly requested to submit a tentative title and a short abstract to our Editorial Office (reproductivemedicine@mdpi.com) for pre-evaluation. Please note that selected full papers will still be subject to a thorough and rigorous peer review. All papers will be published on an ongoing basis. Papers will be published with full open access after peer review.

Guest Editor

Prof. Dr. Stefano Palomba
