

## Computational Methods for Risk Management in Economics and Finance

Guest Editor:

**Dr. Marina Resta**

University of Genova, Italy

resta@economia.unige.it

Deadline for manuscript  
submissions:

**closed (30 September 2018)**

### Message from the Guest Editor

This special issue is devoted to bringing together contributions from both the theoretical and the application side, with a focus on the use of computational intelligence in finance and economics. We therefore welcome and encourage the submission of high quality papers related (but not limited) to:

- Asset Pricing
- Business Analytics
- Big Data Analytics
- Financial Data Mining
- Economic and Financial Decision Making under Uncertainty
- Portfolio Management and Optimization
- Risk Management
- Credit Risk Modelling
- Commodity Markets
- Term Structure Models
- Trading Systems
- Hedging Strategies
- Risk Arbitrage
- Exotic Options
- Deep Learning and Artificial Neural Networks
- Fuzzy Sets, Rough Sets, & Granular Computing
- Hybrid Systems
- Support Vector Machines
- Non-linear Dynamics

## Editor-in-Chief

### Prof. Dr. Mogens Steffensen

Department of Mathematical Sciences, University of Copenhagen, Universitetsparken 5, DK-2100 Copenhagen Ø, Denmark

## Message from the Editor-in-Chief

*Risks* is published in Open Access format – research articles, reviews and other content are released on the internet immediately after acceptance. Specifically, *Risks* welcomes contributions that

- contribute with insight, outlook, understanding and overview, no matter how simple they are;
- show creativity in pedagogical tricks and techniques;
- help the transfer of theoretical research to public and private application;
- show responsibility for societal impact.

The scientific community and the general public have unlimited free access to the content as soon as it is published.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) partially funded by institutions through Knowledge Unlatched for a limited number of papers in 2019. Please contact the editorial office before submission to check whether KU waivers, or discounts are still available.

**High visibility:** indexed in the Emerging Sources Citation Index (ESCI - Web of Science) and EconLit. To be added in Scopus from Vol. 6 (2018).

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approx. 17.4 days after submission; acceptance to publication undertaken in 5.9 days (median values for papers published in *Risks* in the second half of 2018).
