Message from the Guest Editor

Dear Colleagues,

We plan to publish a Special Issue on "Feature Papers" in order to give a broad overview of the areas covered by the journal. We are looking for high quality papers that contain either cutting-edge research results or comprehensive reviews. The accepted papers will be published free of charge in open access. Authors will be the Editorial Board Members and the researchers invited by the Editorial Office on behalf of Editor-in-Chief. Your support to this special issue is highly appreciated.

Message from the Editor-in-Chief

It is my great pleasure to welcome you to our open access journal, *Robotics*, which is dedicated to both the foundations of artificial intelligence, bio-mechanics and mechatronics, and the real-world applications of robotic perception, cognition and actions. The 21st century is the robotics century and intelligent robots will change our lifestyle forever. Let us work together toward the realization of intelligent robots step by step.

It is great fun to create intelligent robots and imagine their practical applications. *Robotics* is now ready to serve you in the long journey towards such a goal.

Author Benefits

Open Access:—free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed in the Emerging Sources Citation Index (ESCI - Web of Science), **Scopus** (2019 CiteScore: 2.5), nspec (IET) and DBLP Computer Science Bibliography.

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 19.1 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2020).
