Message from the Guest Editors

Dear Colleagues,

The next edition of the National Robotics Conference in Spain, organized by the Spanish Automation Committee (CEA), will take place in Alicante on 13–14 June 2019, continuing the editions previously held in Valladolid in 2018 and in Valencia in 2017.

CEA, through its Robotics Thematic Group (GTRob), promotes these conferences to give visibility and show the activity that takes place in the field of research and technology transfer of robotics.

The papers selected in the conference will be considered for publication in a Special Issue of the journal *Robotics*, entitled "Robotics in Spain 2019"

Message from the Editor-in-Chief

It is my great pleasure to welcome you to our open access journal, *Robotics*, which is dedicated to both the foundations of artificial intelligence, bio-mechanics and mechatronics, and the real-world applications of robotic perception, cognition and actions. The 21st century is the robotics century and intelligent robots will change our lifestyle forever. Let us work together toward the realization of intelligent robots step by step.

It is great fun to create intelligent robots and imagine their practical applications. *Robotics* is now ready to serve you in the long journey towards such a goal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), dblp, Inspec, and other databases.

Journal Rank: JCR - Q2 (Robotics) / CiteScore - Q1 (Control and Optimization)
