# Latest Artificial Intelligence Research Output 2018

## Message from the Guest Editor

The Artificial Intelligence International Conference—A2IC conference aims to establish an international forum of reference for the latest advances in the field of Artificial Intelligence (AI). This first edition aims at joining both academy and industry by covering not only fundamental and applied research, but also philosophical and ethical issues regarding the future of humanity in an AI world. ## Message from the Editor-in-Chief

It is my great pleasure to welcome you to our open access journal, *Robotics*, which is dedicated to both the foundations of artificial intelligence, bio-mechanics and mechatronics, and the real-world applications of robotic perception, cognition and actions. The 21st century is the robotics century and intelligent robots will change our lifestyle forever. Let us work together toward the realization of intelligent robots step by step. It is great fun to create intelligent robots and imagine their practical applications. *Robotics* is now ready to serve you in the long journey towards such a goal.
