

Special Issue

Robotics in Spain 2019

Message from the Guest Editors

The next edition of the National Robotics Conference in Spain, organized by the Spanish Automation Committee (CEA), will take place in Alicante on 13–14 June 2019, continuing the editions previously held in Valladolid in 2018 and in Valencia in 2017. CEA, through its Robotics Thematic Group (GTRob), promotes these conferences to give visibility and show the activity that takes place in the field of research and technology transfer of robotics. The papers selected in the conference will be considered for publication in a Special Issue of the journal *Robotics*, entitled "Robotics in Spain 2019"

Guest Editors

Prof. Dr. Fernando Torres

Automatics, Robotics and Computer Vision Group, Computer Science Research Institute, University of Alicante, 03690 Alicante, Spain

Prof. Dr. Oscar Reinoso Garcia

Department of Systems and Automation Engineering, Universidad Miguel Hernández, Avinguda de la Universitat d'Elx, s/n, 03202 Elche, Alicante, Spain

Deadline for manuscript submissions

closed (15 July 2019)

About the Journal

Message from the Editor-in-Chief

It is my great pleasure to welcome you to our open access journal, *Robotics*, which is dedicated to both the foundations of artificial intelligence, bio-mechanics and mechatronics, and the real-world applications of robotic perception, cognition and actions. The 21st century is the robotics century and intelligent robots will change our lifestyle forever. Let us work together toward the realization of intelligent robots step by step. It is great fun to create intelligent robots and imagine their practical applications. *Robotics* is now ready to serve you in the long journey towards such a goal.

Editor-in-Chief

Prof. Dr. Marco Ceccarelli

LARM2: Laboratory of Robot Mechatronics, Department of Industrial Engineering, University of Rome Tor Vergata, Via del Politecnico 1, 00133 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), dblp, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Robotics) / CiteScore - Q1 (Control and Optimization)
