Special Issue

The State-of-the-Art of Robotics in Europe

Message from the Guest Editors

This Special Issue aims at disseminating the latest research achievements, findings, and ideas in the robotics field, with particular attention to the Europe scenario. However, manuscripts that present results of national and international projects will be also welcome to this special issue. We welcome you to send short abstract for feature paper submissions to the Editorial Office (robotics@mdpi.com) before the formal submission of your manuscript. Selected planned papers can be published in full open access form, Free-of-Charge, if they are accepted after peer-review.

Guest Editors

Prof. Dr. Rui P. Rocha

Prof. Dr. Oscar Reinoso García

Dr. Thierry Chaminade

Prof. Dr. Kerstin Thurow

Deadline for manuscript submissions

Robotics

About the Journal

Message from the Editor-in-Chief

It is my great pleasure to welcome you to our open access journal, *Robotics*, which is dedicated to both the foundations of artificial intelligence, bio-mechanics and mechatronics, and the real-world applications of robotic perception, cognition and actions. The 21st century is the robotics century and intelligent robots will change our lifestyle forever. Let us work together toward the realization of intelligent robots step by step.
It is great fun to create intelligent robots and imagine their practical applications. *Robotics* is now ready to serve you in the long journey towards such a goal.

Editor-in-Chief

Prof. Dr. Marco Ceccarelli
LARM2: Laboratory of Robot Mechatronics, Department of Industrial Engineering, University of Rome Tor Vergata, Via del Politecnico 1, 00133 Roma, Italy

Author Benefits

Open Access:
free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:
indexed within Scopus, ESCI (Web of Science), dblp, Inspec, and other databases.

Journal Rank:
JCR - Q2 (Robotics) / CiteScore - Q1 (Control and Optimization)
