

Special Issue

Farm Safety

Message from the Guest Editor

This Special Issue offers researchers and practitioners the opportunity to present the latest advancements in the development of interventions or novel approaches for the evaluation or the enhancement of agricultural health safety. Topics of interest include the following:

- Approaches to surveillance related to agricultural occupational health and safety (OHS) .
- Legislative and policy approaches to improve agricultural OHS
- Interventions aimed at improving agricultural OHS including:
 - Farm infrastructures design
 - Design and interface of vehicles
 - Livestock facilities design and behaviours
 - Enhancement of behaviour towards safety
- Application of Total Health and Sustainability models to agricultural OHS.

Guest Editor

Dr. John McNamara

OHS, Teagasc-Agriculture and Food Development Authority, Carlow, Ireland
