

Special Issue

Methods and Instruments for Evaluating and Measuring Safety

Message from the Guest Editors

This Special Issue will focus on describing the development, usage and validation of methods and instruments for evaluating measuring safety at individual, group or organizational levels. We welcome different types of manuscript submissions, including theoretical and conceptual issues, up-to-date reviews (scoping, integrative, systematic reviews and meta-analyses), and original research articles based on quantitative, qualitative or mixed-method approaches.

Guest Editors

Dr. Manikam Pillay

Dr. Karen Klockner

Assoc. Prof. Dr. Gaël Morel

Deadline for manuscript submissions
