

Special Issue

Food Microbiology and Safety

Message from the Guest Editor

Nowadays, food and feed safety have become a crucial problem, as there is even shortage of clear water in some countries. This Special Issue welcomes original research articles, short communications, and review papers dealing with all aspects of microbiological safety of foods. Our aim is to publish manuscripts of the highest quality which are relevant to the broad field covered by the journal. Studies must be novel, have a clear connection to food microbiology, and be of general interest to the international community of food microbiologists.

Guest Editor

Prof. Dr. Tünde Pusztahelyi

Food and Environmental Toxicology Research Group, Central Laboratory of Agricultural and Food Products, Faculty of Agricultural and Food Sciences and Environmental Management, University of Debrecen, H-4032 Debrecen, Hungary

Deadline for manuscript submissions

closed (31 October 2019)
