

# Special Issue

## Feature Papers in Integrative Medicine

### Message from the Guest Editor

So-called integrative medicine has become an integral part of the entire field of modern medicine. As of now (August 2022), there are more than 60,000 articles listed on PubMed. In the field of integrative laser medicine alone, the number of scientific papers has increased twenty-fold since 2015. This Special Issue is intended to point out pioneering new paths in the field of integrative medicine and also to represent important milestones. Only high-quality scientifically based manuscripts on all areas of integrative medicine are requested. We, the MDPI team and I, look forward to receiving your interesting manuscripts.
