

## Special Issue

# Research Progress in Bioorganic Medicinal Chemistry

### Message from the Guest Editors

Dear Colleagues We are pleased to invite you to contribute to the *Sci* Special Issue ‘Research Progress in Bioorganic Medicinal Chemistry’. We welcome the submission of both original research and critical review articles for possible publication in the Issue. Topics of interest for this Issue include:

- Discovery or advancement for first-in-class new medicinal or biological agents;
- Advancing new chemical reactions or new synthetic routes that impact medicine;
- Advancing new biological mechanisms in medicine;
- Structure–activity relationship or pharmacological issues analysis (including computational) and discussions relevant to drug design and development;
- Development of new materials for therapeutic targets.

#### Author Benefits

##### High Visibility:

indexed within ESCI (Web of Science), Scopus, and other  
databases.

##### Journal Rank:

CiteScore - Q1 (Multidisciplinary)

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 36.6 days after  
submission; acceptance to publication is undertaken in 6.8  
days (median values for papers published in this journal in  
the first half of 2025).
