Special Issue

Research Progress in Bioorganic Medicinal Chemistry

Message from the Guest Editors

Dear Colleagues We are pleased to invite you to contribute to the *Sci* Special Issue 'Research Progress in Bioorganic Medicinal Chemistry'. We welcome the submission of both original research and critical review articles for possible publication in the Issue. Topics of interest for this Issue include:

- Discovery or advancement for first-in-class new medicinal or biological agents;
- Advancing new chemical reactions or new synthetic routes that impact medicine;
- Advancing new biological mechanisms in medicine;
- Structure–activity relationship or pharmacological issues analysis (including computational) and discussions relevant to drug design and development;
- Development of new materials for therapeutic targets.

Guest Editors

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Claus Jacob
Division of Bioorganic Chemistry, School of Pharmacy, Saarland University, D-66123 Saarbruecken, Germany

Author Benefits

High Visibility:
indexed within ESCI (Web of Science), Scopus, and other databases.

Journal Rank:
CiteScore - Q1 (Multidisciplinary)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 36.6 days after submission; acceptance to publication is undertaken in 6.8 days (median values for papers published in this journal in the first half of 2025).
