

sensors

Dear Colleagues,

We are pleased to announce the winners of the *Sensors* 2023 Outstanding Reviewer Award. The *Sensors* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *Sensors*. It is due to their efforts that the high quality of the journal and quick turnaround are maintained.

Dr. Marco Civera

Department of Structural, Geotechnical and Building Engineering (DISEG), Politecnico di Torino, Turin, Italy

Research Interests: damage detection; structural health monitoring; mechanical testing; structural dynamics

Dr. Kunyan Zhang

Electrical and Computer Engineering, Rice University, Houston, USA

Research Interests: low-dimensional materials; optical spectroscopy; biosensors; machine learning

Prof. Ivanovitch Silva

Department of Computer Engineering and Automation, Federal University of Rio Grande do Norte, Natal, Brazil

Research Interests: big data; Industry 4.0; intelligent vehicles; data modeling and analysis; wireless sensors; smart city

Dr. Hui Liu

Department of Mathematics and Computer Science, University of Bremen, Bremen, Germany

Research Interests: biosignal processing; feature selection and feature space reduction; human activity recognition; real-time recognition systems; knee bandage; machine learning

Dr. Domonkos Varga

Department of Networked Systems and Services, Budapest University of Technology and Economics, Budapest, Hungary

Research Interests: image quality; video quality; computer vision; deep learning; image processing; radar

The Prize for Each Winner:

- CHF 500;
- Publish a paper free of charge in *Sensors* in 2024 after peer review;
- An electronic certificate.
