Message from the Guest Editors

Dear Colleagues,

The International Conference on Next-Generation Electronics & Photonics (INGEP 2024) will be held in Hangzhou, China, on 11–14 April 2024. The INGEp 2024 will provide a platform for experts, scholars and researchers from all over the world to convene and share novel ideas on next-generation electronics and photonics.

The INGEp 2024 will feature plenary and invited talks by prominent scholars and scientists in advanced microelectronic and photonic devices and materials.

Authors of selected high-quality papers that fit *Sensors*' scope from the conference will be invited to submit extended versions of their original papers (50% extensions of contents of the conference paper). In addition to the INGEp 2024 papers, other independent submissions are also welcome. The subject of these contributions should be the same research topics as the ones in the conference.

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.
