Message from the Guest Editors

Dear Colleagues,

CyberC promotes the in-depth exploration of the most recent research and development findings in the field of big data, distributed computing, clouds, cybersecurity, pervasive computing, mobile computing, the Internet of Things, and other cyber-relevant technologies. CyberC welcomes the participation of the industry to showcase and commercialize their relevant technology and products. Scientists, engineers, and students in the areas are encouraged to get involved. In addition to CyberC 2020 papers, other independent submissions are also welcome.

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Author Benefits

Open Access : free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
