Message from the Guest Editors

Dear Colleagues,

The 7th Asia Conference on Power and Electrical Engineering (ACPEE 2022) will be held in Hangzhou, China, April 15–17, 2022. This conference aims to provide a platform for researchers and practicing engineers to share their ideas, recent developments, and successful practices in power and electrical engineering. The conference will publish high-quality papers that are strictly related to the various theories and practical applications in the area of machine learning applications based on future power system operations with high penetration of renewable resources and its related network architecture. The conference will be a forum for excellent discussions that will put forward new ideas and promote collaborative research. We are sure that the proceedings will serve as an important research source of references and knowledge, which will lead not only to scientific and engineering progress but also other new products and processes. Elettrica e dell'Informazione
(Department of Electrical and
Information Engineering),
Politecnico di Bari, Via Edoardo
Orabona n. 4, 70125 Bari, Italy

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Author Benefits

Open Access : free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Ei Compendex](#), [Inspec](#), [Astrophysics Data System](#), and [other databases](#).

Journal Rank: JCR - Q2 (Chemistry, Analytical) / CiteScore - Q1 (Instrumentation)
