## Energy-Efficient Communication Networks and Systems: 2nd Edition

Guest Editor:

**Dr. Josip Lorincz**

Faculty of Electrical Engineering,  
Mechanical Engineering and  
Naval Architecture (FESB),  
University of Split, R. Boskovic  
32, 21000 Split, Croatia

Deadline for manuscript  
submissions:

**30 December 2024**

### Message from the Guest Editor

This 2nd Special issue Edition is a continuation of the first successfully organized Special issue on energy-efficient communication networks and systems for *Sensors* journal. This Special Issue aims to serve as a platform for researchers and visionaries from academia, research labs, and industry in presenting novelties related to energy efficiency improvements of communication networks and computing systems. Sharing ideas, views, results, and experiences dedicated to improving the energy efficiency of communication networks and systems is what this Special Issue is intended to be about. Anything from theoretical and experimental achievements to innovative design and management approaches, prototyping efforts, and case studies are in the focus of this Special Issue. This Special Issue aims to open new research ways toward more energy-efficient communication networks and computing systems. The Special Issue accepts original research and review papers dedicated to the topic of improving the energy efficiency of communication networks and systems.

## Editor-in-Chief

### **Prof. Dr. Vittorio M. N. Passaro**

Dipartimento di Ingegneria  
Elettrica e dell'Informazione  
(Department of Electrical and  
Information Engineering),  
Politecnico di Bari, Via Edoardo  
Orabona n. 4, 70125 Bari, Italy

## Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

## Author Benefits

**Open Access** : free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility**: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Ei Compendex](#), [Inspec](#), [Astrophysics Data System](#), and [other databases](#).

**Journal Rank**: JCR - Q2 (*Instruments & Instrumentation*) / CiteScore - Q1 (*Instrumentation*)
