Message from the Guest Editors

Dear Colleagues,

We are happy to launch this follow-up MDPI Special Issue on "Terahertz and Millimeter Wave Sensing and Applications II". Thanks to the many valuable submissions to our previous Special Issue ("Terahertz and Millimeter Wave Sensing and Applications"; link here: <https://www.mdpi.com/si/63592>), we could already present some recent developments in the field of terahertz- and millimeter-wave technologies. In particular, these technologies are continuously receiving attention in many fields of industrial and scientific applications. The topics include, but are not limited to, the following:

New fields of terahertz applications and sensing
Non-destructive testing
Terahertz- and millimeter-wave imaging
Terahertz measurements and systems
Terahertz sources, detectors, and sensors

Please contact the Guest Editors or assistant editor at (ava.jiang@mdpi.com) for any queries. Please visit the website for more information.
