Selected Papers from the IEEE International Conference on Consumer Electronics–Taiwan (IEEE 2020 ICCE-TW)

Message from the Guest Editors

The IEEE International Conference on Consumer Electronics–Taiwan (IEEE 2020 ICCE-TW) will take place in Taoyuan, Taiwan, 28–30 September 2020. Over the years, the ICCE-TW conference has continuously provided a platform for experts, scholars, and researchers from all over the world to convene and share novel ideas on consumer electronics. Authors of selected papers are invited to submit extended versions (at least 50% of their submissions) of their original papers and contributions regarding the following topics:

- Biomedical sensors and actuators;
- Consumer electronics devices for sensors and actuators;
- Healthcare sensors and actuators;
- Internet of Things (IoT) and artificial intelligence (AI) techniques;
- Mobile ad-hoc and wireless sensor networks;
- Sensor applications on autonomous cars;
- Sensor applications on computer communication techniques;
- Sensor applications on multimedia techniques.

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.
