

## Special Issue

# Advances and Perspectives on Robotics and Sensors for the Rehabilitation of Neurodevelopmental Disorders

### Message from the Guest Editors

This Special Issue has the ambitious goal of collecting cutting-edge results from research activities, perspectives, and review articles focusing on technologies, solutions, applications, and new challenges related to the use and integration of robotic and sensor-based technologies for monitoring and rehabilitative purposes for the developmental age. Potential topics include, but are not limited to, the following:

- Robotics for the rehabilitation of neurodevelopmental disorders in childhood;
- IoT-based interacting devices;
- Control algorithms;
- Child-oriented prostheses;
- Interactive and immersive environments;
- Wearable systems;
- User-friendly data accessibility;
- Systems for monitoring and supporting children during learning and interaction activities.

---

### Guest Editors

Dr. Matteo Malosio

Dr. Emilia Biffi

Dr. Giuseppina Sgandurra

Prof. Dr. Matjaž Mihelj

---

### Deadline for manuscript submissions

closed (15 April 2026)

## About the Journal

### Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

---

### Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Department of Electrical and Information Engineering, Politecnico di Bari, Via Orabona 4, 70126 Bari, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

#### Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
