

## Special Issue

# High-Power Laser Systems and Coherent Detection: Sensing Technologies and Applications

### Message from the Guest Editor

This Special Issue focuses on the latest advancements in high-power laser systems and laser coherence detection technologies, covering all aspects from materials to light sources and applications. We aim to collate new developments in high-power lasers and laser coherence detection technologies, as well as their applications in industry, spectroscopy, remote sensing, optical microscopy, biomedicine, and other fields. We welcome contributions from all researchers involved in mid-infrared laser technology studies, including, but not limited to, the following research areas:

- High-power laser devices;
- Applications of high-power lasers;
- Laser coherence detection technologies and applications;
- Sensing;
- Laser processing;
- Optical microscopy;
- Biomedicine.

---

### Guest Editor

Dr. Tongyu Dai

Natl Key Lab Tunable Laser Technol, Harbin Institute of Technology, Harbin 150000, Heilongjiang, China

---

### Deadline for manuscript submissions

closed (30 April 2026)

## About the Journal

### Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

---

### Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro  
Department of Electrical and Information Engineering, Politecnico di Bari, Via Orabona 4, 70126 Bari, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

#### Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
