Dalian University of Technology Celebrating 75th Anniversary

Message from the Guest Editors

Dalian University of Technology (DUT) was founded in April 1949, and 2024 marks its 75th anniversary. It is one of the “211 Project” and “985 Project” universities, with full support for its construction and development provided by the central and local governments of China.

To celebrate the 75th anniversary of DUT, Sensors is proud to announce a Special Issue titled "Dalian University of Technology Celebrating 75th Anniversary". We welcome scholars in the field of sensors to contribute to this Special Issue. Potential topics for submission include, but are not limited to, the following:

- New sensor structure design;
- Novel nanomaterial sensors;
- Environmental monitoring sensors;
- Sensor integration in manufacturing;
- Principles and mechanisms of optical sensing;
- Wireless sensor networks;
- Sensor data analytics and AI;

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Dipartimento di Ingegneria Elettrica e dell'Informazione (Department of Electrical and Information Engineering), Politecnico di Bari, Via Edoardo Orabona n. 4, 70125 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
