

## Special Issue

# 800 Years of Research at Padova University

### Message from the Guest Editors

Dating back to 1222, the University of Padova (UNIPD) is one of the leading Universities in Italy and has a long tradition of scientific excellence. UNIPD offers its students 32 departments, 37 doctoral degree courses, and 44 research and service centers across the spectrum of sciences, medicine, social sciences, and humanities, with about 2300 professors and researchers employed. Nearly 60 UNIPD spinoffs are presently active. This Special Issue aims to celebrate the 800 years of interdisciplinary research at UNIPD. Contributions to the Special Issue are solicited from people currently engaged in scientific research at UNIPD, as well as anyone participating in collaborations with UNIPD. Papers from distinguished alumni of UNIPD are also very welcome. This Special Issue's scope is to show and reinforce the distinctive characteristic of the 800 years of history of UNIPD, i.e., its multidisciplinary. The topic of "sensors" fits the aim, as sensors are used in so many fields. Link: <https://www.mdpi.com/si/71780>

## About the Journal

### Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

#### Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
