Industry 5.0: How Intelligent Sensors and Its Applications Accelerate Customized Digital Transformation for Industry

Message from the Guest Editors

The trend of mass personalization for solutions (in B2B) or production (in B2C) asks every industry to embrace the coming of a new era. How to use intelligent sensors and its applications to accelerate the customized digital transformation for industry and leverage their domain knowledge are the keys for constructing a sustainable and resilient enterprise in Industry 5.0. We invite researchers to contribute relevant original research papers or comprehensive reviews to this Special Issue on the "Industry 5.0: How Intelligent Sensors and Its Applications Accelerate Customized Digital Transformation for Industry". Your contributions will advance the effort toward realizing Industry 5.0.

Guest Editors

Prof. Dr. Jiann-Shing Shieh

Department of Mechanical Engineering, Graduate School of Biotechnology and Bioengineering, Graduate Program in Biomedical Informatics, Yuan Ze University, Taoyuan 32003, Chung-Li, Taiwan

Prof. Dr. Maysam Abbod

Department of Electronic and Electrical Engineering, College of Engineering, Design and Physical Sciences, Brunel University London, Uxbridge, UB8 3PH, United Kingdom

Deadline for manuscript submissions

20 July 2025

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Dipartimento di Ingegneria Elettrica e dell'Informazione (Department of Electrical and Information Engineering), Politecnico di Bari, Via Edoardo Orabona n. 4, 70125 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
