

Special Issue

Acousto-Optic Sensing for Biomedical Imaging

Message from the Guest Editor

This Special Issue aims at presenting the advances in the development and characterization of new configurations and concepts that utilize the interaction of ultrasound (acoustic wave) and light to probe or image the properties of biological systems. The issue is also open for original research articles or reviews showing state-of-the-art methods that combine acoustics and optics for applications in biomedicine. The topics covered by this issue include (but are not limited to): acousto-optic imaging, opto-acoustic (photoacoustic) imaging, acousto-optic tomography, acousto-optic sensors and scanners, acousto-optics in microscopy and endoscopy, optical probing of biomechanical properties, etc.

Guest Editor

Dr. Ireneusz Grulkowski

Institute of Physics, Nicolaus Copernicus University, ul. Grudziądzka 5/7, 87-100 Toruń, Poland

Deadline for manuscript submissions

closed (16 October 2020)

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro
Department of Electrical and Information Engineering, Politecnico di Bari, Via Orabona 4, 70126 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
