Selected Papers from the Future of Information and Communication Conference (FICC) 2024

Message from the Guest Editor

The FICC 2024 (Future of Information and Communication Conference) will be held on 4–5 April 2024 in Berlin, Germany. Authors of papers on communication presented at the conference are invited to submit extended versions of their work to this Special Issue for publication.

FICC 2024 aims to collect high-quality original research papers on shaping the future of Information and Communication.

Authors of conference papers that fall within the scope of *Sensors* are invited to submit extended papers to this Special Issue. Topics of interest include:

- Communication 5G, 6G, and onwards;
- Sensor networks and embedded systems;
- Cloud Networking; Signal processing;
- Virtualization; Cognitive Radio;
- Internet of Things; Wearable Computing Systems;
- Human-Computer Interaction; Medical Diagnosis;
- Robotics. Networking Mobile Ad hoc Networks;

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.
