

Special Issue

Modeling and Control of Mixed Traffic Flow with Connected Automated Vehicle

Message from the Guest Editors

This Special Issue aims to bring together original research articles and review articles highlighting any aspect of the modeling and control of mixed traffic flow with connected automated vehicles (CAVs). Potential topics include but are not limited to the following: a review of mixed traffic flow models; the car following and lane changing model of CAVs; new theory and method of CAVs; traffic flow management, control, and optimization of CAV traffic flow; simulation method of CAV traffic flow; safety analysis of CAV traffic flow; fuel consumption and emission of CAV traffic flow.

Guest Editors

Dr. Zhihong Yao

School of Transportation and Logistics, Southwest Jiaotong University, Chengdu 610031, China

Dr. Linheng Li

School of Transportation, Southeast University, Nanjing 210018, China

Deadline for manuscript submissions

closed (30 November 2025)

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Department of Electrical and Information Engineering, Politecnico di Bari, Via Orabona 4, 70126 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
