From Physical to Chemical Sensing: A Selection of the Best Papers Presented at the 2019 Symposium on Sensor Science

Message from the Guest Editors

This Special Issue was created in collaboration with the [7th International Symposium on Sensor Science \(ISSS 2019\)](#), held 9–11 May, 2019, in Naples, Italy. It comprises several topical sessions covering the main aspects of sensor science. Conference participants are cordially invited to contribute a full manuscript to this Special Issue and receive a 20% discount on the publishing fees.

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief
