

Special Issue

Selected Papers from IEEE ICASI 2017

Message from the Guest Editors

2017 IEEE International Conference on Applied System Innovation (IEEE ICASI 2017) will be held in Sapporo, Japan on May 13~17, 2017, and will provide a unified communication platform for topics of sensors. This special issue selects excellent papers from IEEE ICASI 2017 and covers fundamental materials of electrical and optical engineering including their synthesis engineering, integration with many elements, designing of electrical or optical devices, evaluation of various performances and exploring their broad applications from industry etc. We invite investigators to contribute original research articles as well as review articles that will stimulate the continuing efforts to understand the microelectronic and optical sensors. Potential topics include, but are not limited to:

- Advanced materials with new electronic and optical properties
- Advanced materials for preparation and applications
- Subjects related to electro-optical thin films and coatings
- Synthesis engineering in advanced materials
- Properties of microelectronic and optical sensors

Guest Editors

Prof. Dr. Shoou-Jinn Chang

Prof. Dr. Teen-Hang Meen

Dr. Stephen D. Prior

Deadline for manuscript submissions

closed (31 October 2017)

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Dipartimento di Ingegneria Elettrica e dell'Informazione (Department of Electrical and Information Engineering), Politecnico di Bari, Via Edoardo Orabona n. 4, 70125 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
