IoT & AI Application for Smarter Workspaces

Message from the Guest Editors

We welcome papers addressing the following, but not limited to, topics in the context of workspaces:

- IoT Architectures and infrastructures
- Data management frameworks and platforms
- Data processing, data mining, machine learning
- Distributed AI and Edge intelligence
- Data security, privacy, and ethical assessment of systems
- Ambient intelligence
- Context- and situation-awareness
- Digital twins
- Real-world applications and experiments
- Simulations

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief
