# Special Issue

# Medical Imaging: Artificial Intelligence, Image Recognition, and Machine Learning Techniques

## Message from the Guest Editor

Medical Imaging has become an essential component in many fields of medical research and clinical practice. Medical imaging techniques, deep learning, and artificial intelligence bring many healthcare protection benefits. We can collect, measure, and analyse vast volumes of health-related data using computing, networking technologies, and artificial intelligence, leading to tremendous advances in healthcare and excellent opportunities for medical imaging communities. Meanwhile, these technologies have also brought new challenges and issues. This Special Issue of the Journal *Sensors* is focused on advanced techniques, new challenges, and issues in Medical Imaging. For more information on the issue, you may access the Special Issue website at: https://www.mdpi.com/si/102720 Please contact the or the Section Managing Editor at (ava.jiang@mdpi.com) for any queries.

## Guest Editor

Dr. Inês Domingues

Centro de Investigação do Instituto Português de Oncologia do Porto (CI-IPOP), Grupo de Física Médica, Radiobiologia e Protecção Radiológica, 4200-072 Porto, Portugal

## Deadline for manuscript submissions

closed (10 June 2022)

# About the Journal

### Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

### Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro
Dipartimento di Ingegneria Elettrica e dell'Informazione (Department of Electrical and Information Engineering), Politecnico di Bari, Via Edoardo Orabona n. 4, 70125 Bari, Italy

### Author Benefits

**Open Access:**
free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:**
indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

**Journal Rank:**
JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
