

Special Issue

Selected Papers from the 25th Optoelectronics and Communications Conference (OECC2020)

Message from the Guest Editors

The 25th Optoelectronics and Communications Conference (OECC 2020) will be held in Taipei, Taiwan, 4–8 October, 2020. The first OECC was held in Chiba, Japan, 1996, as an annual conference for researchers and engineers working in the fields of optoelectronics, optical fiber transmission, and photonic network systems in the Asia Pacific region to report, discuss, exchange, and generate ideas which advance the disciplines of optoelectronics and optical communications. The main goal of this Special Issue, “Selected Papers from OECC 2020”, is to present the latest advances in research and novel applications of engineering and technology, especially a wide variety of sensor technologies from sensor devices and systems, to their applications. Potential topics include but are not limited to:

- Sensor networks
- Sensor systems
- Sensor data transmission
- Sensor materials
- Sensor devices
- Optical sensors
- Sensor modules
- Sensor integration
- Biomedical sensing
- Sensor data analysis
- Sensor applications

Guest Editors

Prof. Dr. Kimio Oguchi

Prof. Dr. Sheng-Lung Huang

Prof. Dr. Shien-Kuei Liaw

Prof. Dr. Pinghui Sophia Yeh

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Dipartimento di Ingegneria Elettrica e dell'Informazione (Department of Electrical and Information Engineering), Politecnico di Bari, Via Edoardo Orabona n. 4, 70125 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
