Selected Papers from the 11th EAI International Conference on Broadband Communications, Networks, and Systems

Message from the Guest Editors

The 11th EAI International Conference on Broadband Communications, Networks, and Systems (BROADNETS 2020) will be held on 11–12 December, 2020 Qingdao, People's Republic of China (<https://broadnets.eai-conferences.org/>). The scope of this conference will target one of the key drivers for 5G, the IoE world that includes technology advances in cyberphysical systems and security. The conference is also interested in novel works applying 5G concepts to space and underwater communications. The conference aims to provide a platform to disseminate and discuss key innovations and technology trends in this fast-evolving arena.

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.
