

Special Issue

Simulation Studies on Remote Sensing Scenarios

Message from the Guest Editor

I am from the National Taiwan University. I am serving as a for the Special Issue entitled "Simulation Studies on Remote Sensing Scenarios" of the open access journal *Sensors* (ISSN 1424-8220, IF 3.576). I am delighted to notify you that in June, *Sensors* received its latest IF (IF 2020, 3.576) from JCR and a CiteScore (CiteScore 2020, 5.8). Both scores are milestones for *Sensors*.

We would like to take this opportunity to invite you to publish original research articles or comprehensive reviews in Special Issues. A voucher for 1000 CHF will be offered to you for any manuscript submitted before 31th July 2021. If your manuscript is submitted before 31st August 2021 or 30th September 2021, you will receive a 800 CHF voucher or a 500 CHF voucher, respectively.

We suggest you being the corresponding or first author of this invited paper cooperated with the group members. It can be a full research article or a comprehensive review. If the paper is rejected, the waiver will not be valid.

Please reply to let us know of your decision by or before 11th July . I will record your reply and apply the vouchers for you.

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro
Department of Electrical and Information Engineering, Politecnico di Bari, Via Orabona 4, 70126 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
