

Special Issue

Terahertz and Millimeter Wave Sensing and Applications (Volume II)

Message from the Guest Editors

We are happy to launch this follow-up MDPI Special Issue on "Terahertz and Millimeter Wave Sensing and Applications II". Thanks to the many valuable submissions to our previous Special Issue ("Terahertz and Millimeter Wave Sensing and Applications"; link here: <https://www.mdpi.com/si/63592>), we could already present some recent developments in the field of terahertz- and millimeter-wave technologies. In particular, these technologies are continuously receiving attention in many fields of industrial and scientific applications. The topics include, but are not limited to, the following:

New fields of terahertz applications and sensing
Non-destructive testing
Terahertz- and millimeter-wave imaging
Terahertz measurements and systems
Terahertz sources, detectors, and sensors

Please contact the or assistant editor at (ava.jiang@mdpi.com) for any queries. Please visit the website for more information.

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Department of Electrical and Information Engineering, Politecnico di Bari, Via Orabona 4, 70126 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
