

Special Issue

Wireless Power Transfer Technology for IoTs and Sensor-Enabled Devices

Message from the Guest Editors

This Special Issue mainly aims at wireless power transfer technology for IoTs and sensor-enabled devices. However, the topic of papers is not limited to this scope. Research on the analysis and application of wireless power transfer technology is also welcomed.

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.
