

## Special Issue

# Big Data and Deep Learning in E-Health

### Message from the Guest Editors

The 14th International Conference on the Developments on eSystems Engineering (DeSE2021) will continue the success of the previous DeSE conferences. The main theme of DeSE2021 is: Sensors, eSystem Development, AI, and Industry 4.0. DeSE2021 will provide a leading forum for disseminating the latest results in eSystem Development, AI, Sensors, and Industry 4.0. Currently a high level of interest is being generated through the development of a wide end varied range of eSystems. There are many high profile projects, all around the world, seeking to transfer many services and facilities into state-of-the-art electronic technologies. Authors of the selected papers from DeSE 2021 are invited to submit the extended versions of their original papers and contributions regarding the following topics that related to the application in sensors:

- Sensors, sensors applications, and sensors platforms;
- AI and its applications;
- Biomedical intelligence;
- Bio-informatics, health informatics, and bio-computing;
- Computational intelligence;
- Novel data processing and analytics, tools, and systems;
- Big Data systems;
- Deep learning methods and techniques;
- General session: eSystems engineering.

## About the Journal

### Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

#### Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
