

## Special Issue

# Feature Papers in Physical Sensors 2022

### Message from the Guest Editor

We are pleased to announce that the Physical Sensors section is currently compiling a collection of papers submitted exclusively by Editorial Board Members (EBMs) of our section. The purpose of this Special Issue is to publish a set of papers that typify the most insightful, influential, and original articles or reviews, in which our section's EBMs discuss key topics in the field. We expect these papers to be widely read and highly influential within the field. All papers in this Special Issue will be collected in a printed edition book after the deadline and will be well promoted. Taking this opportunity, we would also like to call on the most accomplished scholars to join the Physical Sensors section so that we can achieve more milestones together.

### Guest Editor

Dr. Guillermo Villanueva

Mechanical Engineering Institute, École Polytechnique Fédérale de Lausanne (EPFL), Route Cantonale, 1015 Lausanne, Switzerland

### Deadline for manuscript submissions

closed (31 December 2022)

## About the Journal

### Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. Sensors organizes Special Issues devoted to specific sensing areas and applications each year.

---

### Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro

Dipartimento di Ingegneria Elettrica e dell'Informazione (Department of Electrical and Information Engineering), Politecnico di Bari, Via Edoardo Orabona n. 4, 70125 Bari, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

#### Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
