

Special Issue

Selected Papers from the International Symposium on Electronics and Telecommunications ISETC 2020

Message from the Guest Editors

The 2020 International Symposium on Electronics and Telecommunications (ISETC 20), 14th Edition will be held on 5–6 November, Timisoara, Romania (<http://conference.etc.upt.ro/isetc2020/>). The International Symposium on Electronics and Telecommunications (ISETC) will bring together members from academia and industry to present their achievements in electronics and telecommunications. The conference is organized once every two years for the exchange of information on the progress of research and development in electronics and telecommunications. Authors of selected high-quality papers fits sensors scope from the conference will be invited to submit extended versions of their original papers (50% extensions of contents of the conference paper). In addition to the ISETC 2020 papers, other independent submissions are also welcome. The subject of these contributions should be in the same research topics as the ones in the conference. For further information about the topics of interest, please visit: https://www.mdpi.com/journal/sensors/special_issues/spisetc

About the Journal

Message from the Editor-in-Chief

Sensors is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

Editor-in-Chief

Prof. Dr. Vittorio M. N. Passaro
Department of Electrical and Information Engineering, Politecnico di
Bari, Via Orabona 4, 70126 Bari, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Ei Compendex, Inspec, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore - Q1 (Instrumentation)
