

separations

Dear Colleagues,

As Associate Editor of *Separations*, I am pleased to announce the winner of the *Separations* Travel Award for 2020–2021.

2020-2021 TRAVEL AWARD WINNER

The award has been granted to Mr. Christoph Gstoettner, a PhD student enrolled in a Marie Curie Horizon 2020 Fellowship called Analytics for Biologics (A4B). Gstoettner's focus is on MALDI-(ISD)-FT-ICR techniques for the fast characterization of early stage and complex biologics and new CESI-MS techniques which allow to study protein conformers and protein affinity.

With so many high-quality applicants, the evaluation process and final decision were challenging. We would like to thank all the applicants for submitting their diverse and fascinating range of research topics. On behalf of the Assessment Committee, I congratulate the winner on his accomplishments.

Prof. Dr. Victoria Samanidou
Associate Editor, *Separations*
