

Special Issue

Sociology and Imaginary Worlds

Message from the Guest Editor

This Special Issue of *Societies* will look at sociological aspects of imaginary worlds, the societies and cultures of the peoples who live in them, as well as the societies surrounding imaginary worlds themselves, such as fan communities. Potential contributors are invited to propose articles, conceptual papers, or review articles addressing the topic of imaginary worlds. **The tentative completion schedule is as follows:**

- Abstract submission deadline: 1 October 2022
- Full manuscript deadline: 1 February 2023

About the Journal

Message from the Editor-in-Chief

Societies (ISSN 2075-4698) is an interdisciplinary journal that brings together different scientific approaches to engage with societal questions to enhance our understanding of the social realm throughout history. The journal publishes original empirical research papers, literature reviews, and conceptual papers. Our aim is to publish papers that have a significant impact on addressing present and emerging societal questions. Therefore, we encourage researchers to publish their results in as much detail as possible. For empirical research papers and literature reviews, all experimental details must be provided, so that the results are reproducible. We also encourage the publication of timely theoretical pieces on topics of interest to existing and emerging societal questions. Papers are either published in the open journal or in Special Issues devoted to specific topics of interest to the field.
