Faculty of Social Work, Health
and Nursing, Ravensburg-
Weingarten University of Applied
Sciences (RWU), 88250
Weingarten, Germany

Deadline for manuscript
submissions:
30 November 2025

Message from the Guest Editor

Dear Colleagues,

The scope of this Special Issue includes, but is not limited to, the following topics:

- The impact of digitalization on welfare state structures and the delivery of social services.
- How digital governance transforms public administration and the implications for welfare recipients.
- The role of big data and automated decision-making in social policy, including ethical and human rights considerations.
- The challenges of digital inclusion and exclusion, and the ways in which digital divides affect access to welfare benefits and services.
- Theoretical frameworks for understanding the digital welfare state and its implications for social equity and justice.
- Case studies of digital welfare reforms and their outcomes across different national contexts.
- The influence of digitalization on labor markets, employment policies, and social risks, particularly in the context of platform economies and automation.
- The digital divide and its implications for social equity and inclusion.

Special Issue

Editor-in-Chief

Emeritus Prof. Nigel Parton
School of Human and Health Sciences, University of Huddersfield, Huddersfield HD1 3DH, UK

Message from the Editor-in-Chief

Social Sciences is an international open access peer-reviewed journal publishing the latest research across all disciplines of the social sciences including anthropology, criminology, economics, education, geography, history, law, linguistics, political science, psychology, social policy, social work, sociology and related areas. The journal is especially interested in interdisciplinary research, and aims to facilitate the interaction and communication between different social scientific disciplines. The journal welcomes conventional length articles as well as shorter Research Notes or short articles, as long as they meet the journal's standards of quality and originality.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High visibility: indexed within Scopus, ESCI (Web of Science), RePEc, and other databases.
Journal Rank: JCR - Q2 (Social Sciences, Interdisciplinary) / CiteScore - Q2 (General Social Sciences)
