

Special Issue

From Precarious Work to Decent Work

Message from the Guest Editors

While in advanced economies, precarious work is often portrayed as a loss of decent employment standards associated with the golden age of Keynesianism, it is important to recognize the paradox between precarious work and decent work. The purpose of this Special Issue, titled “From Precarious Work to Decent Work,” is to explore and address the paradox between precarious work and decent work inherent in modern capitalism.

We seek micro- or macro-sociological research that moves beyond mere descriptions of increased precarity, offering theoretical or empirical insights into how precarious work could be transformed into decent work. Original research papers, reviews, successful case studies, and applications, as well as opinion papers of a high quality and with novel ideas on the possibilities to move “from Precarious Work to Decent Work”, are more than welcome. About the Journal

Message from the Editor-in-Chief

Social Sciences is an international open access peer-reviewed journal publishing the latest research across all disciplines of the social sciences including anthropology, criminology, economics, education, geography, history, law, linguistics, political science, psychology, social policy, social work, sociology and related areas. The journal is especially interested in interdisciplinary research, and aims to facilitate the interaction and communication between different social scientific disciplines. The journal welcomes conventional length articles as well as shorter Research Notes or short articles, as long as they meet the journal's standards of quality and originality.

Editor-in-Chief

Emeritus Prof. Nigel Parton

School of Human and Health Sciences, University of Huddersfield,
Huddersfield HD1 3DH, UK

Author Benefits
