Special Issue

Technology, Digital Transformation and Society

Message from the Guest Editor

This Special Issue serves as a forum for multidisciplinary discussions on both the hurdles and prospects that digital transformation, particularly the surge in AI technologies, presents. We seek scholarly contributions that investigate how technological innovations like AI impact social fairness, privacy, ethics, and cultural dynamics. Furthermore, this Special Issue will explore how digital technologies can promote inclusion, sustainability, and adaptability in societies undergoing swift transformations and facing new uncertainties. Through a mix of empirical studies, theoretical exploration, and case studies, this Special Issue will spotlight groundbreaking practices, implications for policy, and future trends at the intersection of technology, digital change, and societal dynamics. Submissions are welcomed from a diverse range of fields, such as sociology, information technology, political science, education, and cultural studies. Our goal is to foster a holistic understanding of this intricate and evolving domain, encouraging contributions that dissect and envision the role of technology in shaping society.

About the Journal

Message from the Editor-in-Chief

Social Sciences is an international open access peer-reviewed journal publishing the latest research across all disciplines of the social sciences including anthropology, criminology, economics, education, geography, history, law, linguistics, political science, psychology, social policy, social work, sociology and related areas. The journal is especially interested in interdisciplinary research, and aims to facilitate the interaction and communication between different social scientific disciplines. The journal welcomes conventional length articles as well as shorter Research Notes or short articles, as long as they meet the journal's standards of quality and originality.

Editor-in-Chief

Emeritus Prof. Nigel Parton
School of Human and Health Sciences, University of Huddersfield, Huddersfield HD1 3DH, UK
