

Special Issue

Maintaining a Healthy Lifestyle: Sustainability of Promoting Physical Activity

Message from the Guest Editors

The purpose of this Special Issue is to present evidence of how healthy lifestyles, especially those involving physical activity, maintain sustainable physical and mental well-being. The focus of the Special Issue is on improving health and create a better future by addressing the challenges people face in order to stay fit, improve their health and manage chronic disease, with a particular emphasis on the role of physical activity in varied forms. A better understanding of the relationship between physical activity and health and the effect of innovative intervention on health outcomes would significantly add to our knowledge of how to best translate scientific health research and discovery into practice. This Special Issue will supplement the existing literature by presenting the latest original and summative research from world-leading experts in their respective fields of endeavor from across the globe. All types of research are welcome. We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Sports (ISSN 2075-4663) is a peer-reviewed scientific journal that publishes original articles, critical reviews, research notes and short communications in the interdisciplinary area of sport sciences and public health. It links several scientific disciplines in an integrated fashion, to address critical issues related to sport science and public health. The journal presents diverse original articles, including systematic and narrative reviews, cohort and case control studies, innovative randomized trials, and formative research using qualitative and quantitative methods with the aim to provide information for researchers to plan intervention programs. It addresses diverse public health, physical activity and exercise science topics.

Editor-in-Chief

Prof. Dr. Eling Douwe De Bruin

1. Institute of Human Movement Sciences and Sport, IBWS ETH, HCP H 25.1, Leopold-Ruzicka-Weg 4, CH-8093 Zürich, Switzerland
2. Karolinska Institutet, Stockholm, Sweden

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank:

JCR - Q1 (Sport Sciences) / CiteScore - Q2 (Physical Therapy, Sports Therapy and Rehabilitation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.7 days after submission; acceptance to publication is undertaken in 3.7 days (median values for papers published in this journal in the first half of 2025).
